Adama/Oromia/Ethiopia

About me

A motivated Software Engineering student at Adama Science and Technology University, with a strong foundation in web development and mobile app development. Skilled in front-end and back-end technologies such as HTML, CSS, JavaScript, React, Node.js, Python, and Express.js. Eager to improve my skills continuously and contribute to innovative solutions while collaborating effectively with teams to solve real-world problems.

Education

Bachelor of Science in Software Engineering

Adama Science and Technology University | Adama, Ethiopia

Expected Graduation: June/2027

Relevant Coursework: Web Development, Mobile App Development, Software Engineering Principles, Data Structures and Algorithms

Technical Skills

Programming Languages:

HTML, CSS, JavaScript, Python

Web Development:

- Front-end: React, Bootstrap, Tailwind, Next.js, HTML, CSS
- Back-end: Node.js, Express.js, MongoDB

Mobile App Development:

- React Native

Tools and Technologies:

Git, GitHub, VS Code, npm, REST APIs

Soft Skills:

- Strong teamwork and collaboration skills
 - Effective communication
 - Problem-solving and analytical thinking
-

Projects

1. Personal Portfolio Website

- Developed a responsive personal portfolio using HTML, CSS, and JavaScript to showcase projects and achievements.
- Integrated dynamic features using JavaScript to enhance user interaction.

2. E-commerce Website (React & Node.js)

- Built a full-stack e-commerce web application using React for the front-end and Node.js/Express.js for the back-end.
- Integrated REST APIs for user authentication, product management, and order processing.

3. Mobile App:

- Developed a mobile application using React Native, providing a seamless experience across both iOS and Android platforms.
 - Implemented features like real-time notifications and data synchronization.
-

Additional skills

Languages:

- English (Fluent)
- Afan Oromo and Amharic

Professional Goals:

- Continuously improve technical skills in software development.
- Experiment with new technologies and frameworks to stay ahead of the curve.
- Contribute to solving real-world problems through innovation and creative thinking.
